## Governance / controls

- **No restatement. No auditor change** (Rosenberg Rich Baker Berman since ; Exhibit relates to the Jan Nevada reorganization, not a dismissal).
- **No material weakness** — Item A: disclosure controls and ICFR effective at YE Management's ICFR assessment **excluded six acquisitions** (~ % of assets, ~ % of revenue) — a permitted post-acquisition exclusion to integrate in FY .
- **Ondas Networks deconsolidation** ( / ): lost control after the Networks Series B financing; retains ~ . % (equity method, fair-value option); \$ . M gain recognized. Reported revenue is essentially all OAS from Q .

## Data confidence & gaps

- **High confidence (primary XBRL + -K/ -Q)**: all income-statement, balance-sheet, cash-flow, segment, share-count, debt, going-concern, controls, auditor figures.
- **Net loss**: two reported figures — \$( . )M ( -K XBRL) vs \$( . )M (proxy/press, attributable to common stockholders) — differ by NCI allocation; both genuine.
- **Backlog (\$ . M YE ), FY guidance, Adjusted EBITDA, pro-forma cash:** sourced to **press releases, NOT the -K** — treat as company-provided/non-GAAP. Backlog is not in the -K.
- FY segment split not separately broken out (n/a).
